

## Why motorize?

Expand your outdoor living space

Reduce energy costs

Conveniently manage shade and sunlight

Spend more time on your deck or patio

Automatically protect valuable furnishings from harmful UV rays

Easily adjust awnings, pergolas and screens

### Radio Technology Somfy®

RTS allows you to experience motorization your way. Control your motorized awning with a single device or a combination. Choose from hand-held remotes, wireless wall switches, table top controls, timers or app control. You can also:

- Add a state-of-the-art wind or sun sensor to provide automatic control based on weather conditions.
- Add an infrared heater or lighting device to further enjoy your outdoor space.
- Control an incandescent or halogen lamp using the same remote control with the Outdoor RTS Light Receiver.

**SOMFY** is the leading global manufacturer of strong, quiet motors with electronic and app controls for interior and exterior window coverings. Over 270 million users worldwide enjoy the more than 150 million motors produced by Somfy. During the past 40+ years, Somfy engineers have designed products for both the commercial and residential markets to motorize window coverings such as interior shades, wood blinds, draperies, awnings, rolling shutters, exterior solar screens and projection screens. Somfy motorization systems are easily integrated with security, HVAC and lighting systems providing total home or building automation.

**somfy** Building happiness

# Enjoy your deck or patio more often with automated retractable awnings.

Motorized awnings powered by Somfy instantly transform your deck into a cool, comfortable outdoor living space. Combined with state-of-the-art **Radio Technology Somfy® (RTS)** controls, awnings move at the touch of a button. Add sun and wind sensors to automatically react to changing weather conditions. Depend on Somfy for reliable and innovative motorization solutions for your home, whether you want to control a single awning or a variety of motorized products, individually or as groups. It's up to you!

## CONVENIENCE

Somfy motorization offers more than just a quick and easy control of an awning. The Somfy logo is a promise of convenience, comfort, adaptability, peace of mind and quality.

Expand your living space to an outdoor oasis with RTS accessories and have your awning work overtime! After enjoying a cool shade all day long, turn your deck into your favorite nightlife spot with our Dimmable LED Light Kit and Infrared Heater Receiver. These solutions easily integrate into the awning and are controlled with the same device as the awning, whether it is a remote, a wall switch or myLink™ app.

RTS sensors will protect your awning automatically, so you don't have to worry about the weather.

## COMFORT

## CONTROL

The RTS line of controls and accessories offer convenient and simple operation of motorized awnings. Choose from a broad range of control options such as hand-held remotes, wireless wall switches, automatic timers, sensors or a convenient app. Single channel remotes can operate one individual product or one group of motorized products. Also available with multi-channels.

## RTS Accessories

The turn key **Dimmable LED RTS Light Kit** is available in warm white and cool white to create the perfect ambience.

The dimmable **Infrared RTS Heater Receiver** controls any infrared heater up to 1500 watts.

Use them together and enjoy your outdoor space well into the night and throughout the year.

## Somfy myLink™ App

Control your awning, light and any RTS products while home or away using your tablet or smartphone.

A simple on-screen setup wizard helps you create timed events, scenes and more.

For detailed information, including voice control, please visit [somfysystems.com/mylink](http://somfysystems.com/mylink)

## RTS Automatic Sensors

Solar powered **Ondeis™ WireFree RTS Rain and Sun Sensor** or the battery powered **Sunis WireFree™ RTS Outdoor Sun Sensor** will automatically retract or extend the awning depending on the changing weather conditions.

Strong winds can cause damage. Protect your investment with the **Eolis 3D WireFree™ RTS Wind Sensor**. Automatically retracts your awning when strong winds are detected even if you are away from home.
